Introduction

Chapter 1

Mathematics

Here some math.

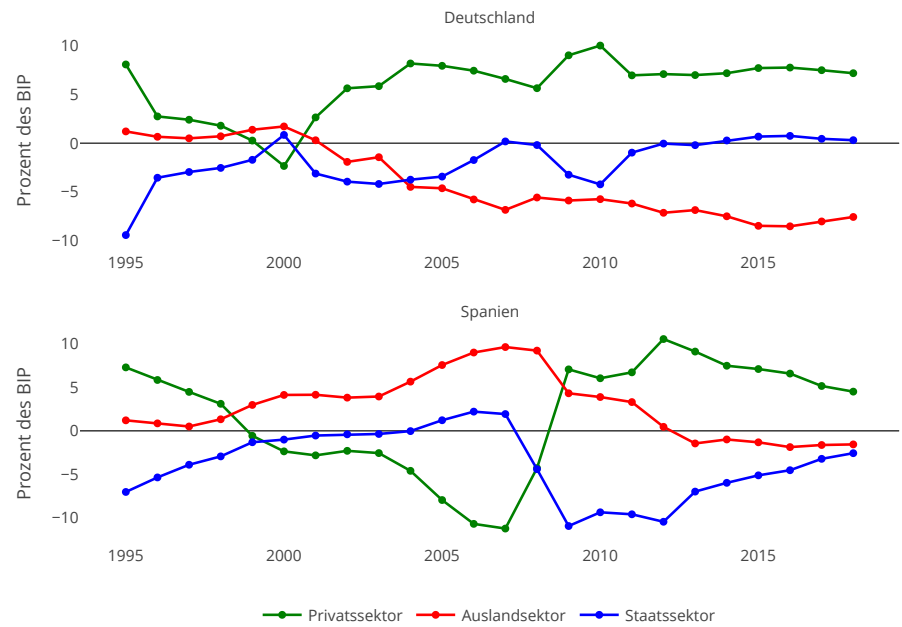

Figure 1.1: Picture 1

Chapter 2

Statistics

Here some descriptive statistics.

You can write citations, too. For example, we are using the **bookdown** package (Xie, 2020) in this sample book, which was built on top of R Markdown and **knitr** (Xie, 2015).

Chapter 3

Probability

Here some statistical distribution.

Chapter 4

Inference

Some *significant* applications are demonstrated in this chapter.
